Kiser, Illinois, \$500 to \$1,000; Nelson H. Miller, District of Columbia, \$500 to \$1,000. Office of Auditor for Interior Department—Frank M. Holmes, Ohio, \$1,200 to \$1,400; Mary L. Godwin, South Carolina, \$1,000 to \$1,200; Frederick N. Ogden, Illinois, \$500 to \$1,000; Joseph C. Benedict, Mississippi, \$500 to \$1,000. Office of Auditor for Postoffice Department—J. Howard Wygant, Missouri, \$800 to \$1,000; George Lewis, District of Columbia, \$500 to \$720; Moses L. Walker, Indian Territory, \$500 to \$720; Peter W. Minick, Missouri, \$500 to \$720. Office of Internal Revenue—Walter W. Mealey, Virginia, \$1,200 to \$1,400; Fannie B. Bates, Michigan, \$1,000 to \$1,200; Sadie L. Paige, Massachusetts, \$500 to \$1,000.

### Substantial Increases.

Office of Treasurer—Guy F. Allen, Illinois, \$1,200 to \$1,400; William J. W. C. Simpson, New Hampshire, \$800 to \$1,000; Charles M. Jones, North Carolina, \$500 to \$800; Effie Herron, Maryland, \$1,000 to \$1,200; Roscoe Jenkins, Iowa, \$1,200 to \$1,400; John H. Sunday, Pennsylvania, \$1,000 to \$1,200; Charles E. Wright, New York, \$800 to \$1,000; Dechus C. Frank, Illinois, \$500 to \$800; Moses Offenber, District of Columbia, \$500 to \$800; Louise H. Stone, District of Columbia, \$500 to \$800; Rhoda E. Martin, Maryland, \$500 to \$800; Mary McNamara, District of Columbia, \$500 to \$800. Office of the Supervising Architect—Milton D. Morrill, New Hampshire, \$1,200 to \$2,000; Clarence A. Miller, District of Columbia, \$1,000 to \$1,200; H. Elliott, Massachusetts, \$2,000 to \$2,500; Levi R. Whitted, North Carolina, \$1,800 to \$2,000; Percy L. Balch, Massachusetts, \$1,800 to \$2,000; Andrew J. Payne, District of Columbia, \$500 to \$1,000; William P. Rider, Maryland, \$500 to \$1,000; Wallace C. Lyon, Kentucky, \$1,800 to \$2,000; Fred W. Gast, Missouri, \$1,400 to \$1,600; John A. Lane, Massachusetts, \$1,600 to \$1,800; Marian Thatcher, Michigan, \$1,600 to \$1,800; John W. McCutkey, Massachusetts, \$1,600 to \$1,800; Maurice M. Risley, New Jersey, \$720 to \$840; Joseph A. Durnbaugh, Pennsylvania, \$1,000 to \$1,100.

## Y. M. C. A. DINES TWO DELEGATES

Will Entertain Messrs. Woodward and Slemman, Leaving for Tokyo.

Invitations have just been issued by the Y. M. C. A. to a dinner to be given tomorrow evening at 7 o'clock to S. W. Woodward and John B. Slemman. The invitation recites that these gentlemen are about to depart for the Orient to attend a conference of the World's Christian Student Federation, at Tokyo, and that desiring to express some appreciation of their services the dinner is tendered them. About 100 guests are invited.

The committee in charge of issuing the invitations is composed of R. H. Warner, Commissioner H. B. F. McFarland, Judge Anderson, Gen. George H. Harries, John B. Lerner, Justice F. J. Peele, and Rev. Charles F. Nesbit.

### HERWIG HAYES SAVIOR, DEAD IN NEW ORLEANS

NEW ORLEANS, La., Feb. 1.—P. F. Herwig, aged seventy years, at one time a dominant factor in the politics of this State, died this afternoon, after a protracted illness. When the Presidential election between Tilden and Hayes was found to be so close that either might win, Herwig is credited with securing enough of the electoral votes from Louisiana to assure the election of Hayes.

### HECKERT AFTER NEW TALENT.

YORK, Pa., Feb. 1.—George W. Heckert, of this city, manager of the Harrisburg Tri-State team, does not hesitate in saying that the Harrisburg Club is worse off than any other team in the league in regard to the class of players that the management can now draw on. With the hope of landing a few new players, Heckert will leave this city within the next several days for a trip through Pennsylvania, New Jersey, and New York.

Although there are nine players on the Harrisburg reserve list, which was recently announced by the national commission, Heckert does not expect to use all of them, and will scour the country for available material.

## Swettenham Is Praised For Work at Kingston

GOVERNOR SWETTENHAM, OF JAMAICA, Who Has Found a Defender in the Person of Sir Alfred Jones.

### SWETTENHAM WHITEWASHED BY BRITISHER

(Continued from First Page.)

city is in a sort of a dazed dream. People are wandering almost aimlessly, apparently bent upon doing something, but if asked what they are doing they look at you in amazement without answering.

Two men were standing near the ruins of the parish church today, apparently in earnest conversation. Investigation developed the surprising fact that they were both talking at once about entirely different and unrelated subjects. Neither heard what the other was saying.

Those men who did great work with clear heads during the first days following the disaster have broken under the strain. It is safe to say that no person has had a full night's rest within five miles of Kingston since January 14. Many have worked straight through, sleeping in their clothes, standing about the hospitals. Hundreds of women have become nervous wrecks. As the minds of the people have become dazed by the inconceivable extent of the awful disaster and the continued lack of rest, their nerves have been keyed higher and higher.

### Tin Pan Starts Panic.

Fifteen men were thrown into a panic this morning at the temporary quarters of the leading bank when by accident a chair on which a tin pan had been placed was turned over. The noise was not great, but if it had been the roar of a bombardment it could not have more completely startled those men. Dropping books, cash and papers, they rushed for the doors and gathered in a frightened group in the street. It was

ten minutes before they ventured into the building and discovered the cause of the excitement. Such instances occur in all parts of the city every hour of the day and night. At the Knottford Park hotel, three miles north of the city, last night a cat caused an alarm which threw three women into hysterics that may result fatally on account of their high-strung condition.

Fifteen hundred husbands, wives, and children were whisked away in that awful thirty seconds of sickening shaking of the earth, leaving more than 5,000 wounded and a community almost every member of which is bereaved. Every one speaks in a low tone of voice and gently as if to spare the nerves of the person addressed. The cloud of gloom that hangs over this city, heretofore marked by the care-free joyousness, will be years in lifting.

### Intense Suffering From Heat.

To add to the horrors of the earthquake, nature has taken away from Kingston the sea breeze which made possible endurance of the heat. The wind formerly came in from the beautiful indigo bay and gave life to the lungs. Not a breath has been felt since January 14, and this phenomenon causes deep apprehensions as well as untold discomfort. The sun beats down from the straight overhead upon the hot ashes of the demolished town, and any moving thing raises a cloud of dust that with the stench of death. Relief comes only from the mountains, where in the evenings it is cool and the people find much comfort before returning to the city by day.

### Alleges as Erroneous Criticism of Jones

NEW YORK, Feb. 1.—"Too much credit cannot be given to the surgeons and men of Sir Alfred Jones' ship, the Port Kingston, for their work at the time of the great earthquake and any criticism of them is based upon erroneous information," said J. R. Myers, of Greensburg, Pa., who returned to New York today from Jamaica.

Mr. Myers was in the Myrtle Bank Hotel at the time of the shock. They went aboard the Port Kingston, and were given every courtesy and attention. The surgeons were refused admission to the ship and denied food it was because the ship was full of wounded and, in the excitement, the requests did not reach the proper officials, they say.

## FATHERS ON WAY TO HELP COPLEY

Parents of Man and Wife Together on Train Bound for Capital.

The bodies of Mrs. William Copley and her infant daughter, whom she shot Tuesday night last, at 192 Rhode Island avenue, afterward killing herself, are now lying at the undertaking establishment of Costello & Bro., on H street northeast, where they will remain until tonight.

The bodies will be shipped back to the old home of Mr. and Mrs. Copley for burial, but this has been delayed pending the arrival of the fathers of both the husband and the wife, who are on their way together to Washington to accompany the husband on the sad journey back West.

Since his examination yesterday by the coroner's jury from having anything to do with the death of his wife and baby, Copley has had little to say. He still appears dazed by the tragedy and unable to realize how his home was wrecked within a few moments.

Since her suicide, just after a family quarrel, quite a number of former acquaintances of Mrs. Copley, including Dr. Didier, of 435 G street, with whom the couple boarded for two years, have expressed the belief that the woman was undoubtedly momentarily insane. This is strengthened by the knowledge that she was a victim of Bright's disease, and also subject to melancholia and hysteria.

### RUN DOWN BY STREET CAR; MAN AND WIFE INJURED

Mr. and Mrs. A. Clark Patterson, living in the Decatur, Florida avenue and R street, were run down and painfully injured last night by a street car at Connecticut avenue and R street. Both of Mr. Patterson's wrists were fractured, and his wife's right arm was broken in two places.

### GLENDON STARTS WORK WITH MIDDY EIGHTS

ANNAPOLIS, Md., Feb. 1.—Richard Glendon, of the Boston Athletic Association, who has coached the navy boat crew with great success for the past three seasons, and who has been engaged for the coming season, arrived in Annapolis today, and will begin work with the crew candidates at once.

Coach Glendon has five of last year's crew to begin the season, and after looking over the new material, expressed himself as much pleased with the outlook.

ism of them is based upon erroneous information," said J. R. Myers, of Greensburg, Pa., who returned to New York today from Jamaica.

Mr. Myers was in the Myrtle Bank Hotel at the time of the shock. They went aboard the Port Kingston, and were given every courtesy and attention. The surgeons were refused admission to the ship and denied food it was because the ship was full of wounded and, in the excitement, the requests did not reach the proper officials, they say.

## YALE STUDENT GIVES BLOOD TO SAVE FEVER PATIENT

Senator Platt's Granddaughter Near Death and Transfusion Will Be Resorted to in Effort to Prolong Life.

NEW YORK, Feb. 1.—The blood of a healthy young man, a student at Yale, is to be injected into the veins of Miss Ellen B. Platt, who is almost at the point of death with typhoid fever. Miss Platt is a daughter of Mrs. Frank H. Platt, and granddaughter of Senator Thomas C. Platt. By the transfusion of blood from a healthy subject it is hoped to conquer the disease.

The Yale student, a close friend of Livingston Platt, brother of the young woman, has offered himself for the operation. This young man is a giant, being more than six feet tall, and his perfect condition, the physicians say, make him an ideal subject for this wonderful operation.

## HAUTZ'S FUNERAL IN LEE'S CHAPEL

Funeral services for John Hautz, life Washington geometrician, will be held tomorrow in Lee's chapel. The Rev. Richard Williams, of Trinity Episcopal Church, will officiate.

Mr. Hautz died yesterday after a long illness, the immediate cause of death being a stroke of paralysis. He was a recognized authority on geometrical problems, and was author of a book on the subject. Mr. Hautz's grandfather, the Rev. Anthony Hautz, was one of the pioneers of northern New York. Mr. Hautz was a great traveler, and had an extensive acquaintance with public men. He was educated in the public schools and later made a deep study of geometry, with the result that his knowledge and advice was frequently sought by builders and contractors of other cities.

### DASHIELL QUITS JOB.

ANNAPOLIS, Md., Feb. 1.—Dr. Paul J. Dashiell has decided to retire as head coach of the Naval Academy football team after three years' service. Under his coaching football has advanced steadily among the midshipmen, and last year's splendid victory over the army was due largely to his skill. Lieut. Joseph M. Reeves, who played tackle in 1902 and 1903; Lieut. Orle W. Fowler, captain of the team of 1900; Lieut. Byron A. Long and Semmed Reed, and Douglas L. Howard, captain of last year's team, are all mentioned for the place.

## INDEPENDENT ENGINES ON CARTER MOTOR CAR

Two independent engines, so arranged that only one is required for general use and the other can be thrown into service by moving a lever, attract much attention to the Carter automobile on exhibition at the Automobile Show. The machine, said to be the only one of its kind in the world, is being demonstrated by the Carter Motor Car Corporation of Washington and Detroit. The corporation is making preparations to build and operate a factory in Washington.

The Carter, because of its two engines, is doubly dependable. Should the engine in use break or get out of order, the operator merely throws in the clutch and the reserve engine is immediately ready for propulsion. Each of the engines has half the rated horsepower of the machine and an individual ignition system, lubrication, carburetor, and clutch mechanism. Because of the arrangement of the two engines one is always held in reserve for emergencies.

### SWISS TO VOTE ON ABSINTHE.

BERNE, Switzerland, Feb. 1.—A petition, bearing 108,241 signatures, urging the complete suppression of the manufacture and sale of absinthe in Switzerland, was presented to the federal council. The proposition will be submitted to a vote of the people.

### WHO SAID "RUBBER!"

Japan's output of manufactured rubber goods has grown from \$158,000 in 1896 to \$255,000 in 1905.

## A Reasonable Plea For the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing to Try?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach? Scientific analysis shows that digestion requires pepsin, nitrogenous fermenta, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus. Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives. Chemical Laboratory. Telegraphic address, "Diffindo," London. Telephone No. 1129 Central. 29 Cullum St., Fen-church St., E. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets, which I bought myself at a city chemist's shop for the purpose, manufactured by the F. A. Stuart Co., Temple Chambers, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adaptable for the purpose for which they are intended. (Signed) John R. Brooke, F. I. C., F. C. S.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery, and kindred diseases originating from improper digestion and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of these tablets being strong enough (by test) to digest 3,000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty-cent package or send to us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 64 Stuart Bldg., Marshall, Mich.

### SANITARY HAIRDRESSING NOW.

A register of sanitary hairdressing establishments, with a list of firms for information to comply with the regulations, is a plan of the health officers of Budapest.
